31 March 2020

Dear Dr Jin Li & Min Rose

I am writing to you at this unprecedented time to thank you for leading fundraising among the local Chinese community in Leicestershire to help buy face masks. It is a heartening expression of support from your community to the wider Leicester and Leicestershire community of which you form an important part. I hope that you will be able to pass on my appreciation to all those involved in this fundraising effort.

As you may know the County Council has a longstanding twinning arrangement with Sichuan Province and we have had a very welcome offer of help and support from the Sichuan Provincial Government which my officer are following up with colleagues in the NHS.

I have asked my officers to respond positively to your support and I suggest that you liaise on this matter with Sarah Rudkin, Economic Growth Manager, who I have cc'd this email to.

I have also copied this email to Min Rose who alerted us to your fundraising and who has very effectively supported Leicestershire - China collaboration over many years.

Yours sincerely
